Appeal for Volunteer Workers Made as Second Half of Campaign Opens.

Liberty Loan drive was reached at the of business yesterday and the ofal figures showed that only a quarter of the total of \$4,500,000,000 had been York State, with parts of New Jersey and Connecticut, had recorded less than one-fifth of its quota. Total subscriptions for the country

officially announced last night were for the New York discrect.

The fact that the countrywide totals bscribed is the result of more general opular response to the Government's peal in the West and middle west he St. Louis district had done better han half and Chicago and Minneapolis ach exceeded a third of their quotas hen the figures were made up las

Volunteer Workers Needed. Lack of popular interest in the Vic-tory Loan drive is conceded to be the underlying cause for the comparatively poor showing in the New York district

e "pep" that was demonstrated both committee workers and unattached sponsors for the enterprise is mostly acking in the present drive.
In addition, there has been a decided falling off in the number of volunteer assistants. The situation is such that the Liberty Loan Committee of the Secnd Federal Reserve District to-day is appealing for more volunteer workers.
In revious drives the problem was to
find assignments for all of those who

wanted to assist in the general cause, but the interposition of the armistics sems to have changed all this. New York city's gain yesterday was only \$9.724.750. The gain for the en-tire district was \$19.830,750.

The New York committee feels that mulus must be lent all along the line The situation vesterday caused Benja min Strong, governor of the Federal Reerty Loan Committee, to leave this state-The Liberty Loan campaign needs
